3.  NEW BUSINESS:

A.  Request to Approve – YCUA Resolution No. 10-10 Authorizing the
Issuance of Not to Exceed $2.15 Million 2010 Water Supply System
No. 7 Bonds (Charter Township of Ypsilanti) – Larry R. Thomas

Mr. Thomas advised the Board that this resolution authorizes the issuance of $2.15 million in bonds that will be used to finance a water main replacement in Holmes Road from Spencer to Michigan Avenue, which is the third phase of a project to replace the water main from Prospect to Michigan.  He indicated that this also finances the replacement of a water main in Ford Blvd.  Mr. Thomas explained that Tom Colis, YCUA bond counsel who wrote the resolution, was present to provide a presentation and answer any questions that the Board may have.

Mr. Colis reminded the Board that YCUA just closed a refunding issue where some existing debt was refunded through a negotiated sale where the underwriter was picked before hand and the interest rate price negotiation later.  He indicated that this is a new money deal and the first issuance for these projects and that this is a competitive sale wherein a notice of sale will be published in the Bond Buyer, a national publication.
Mr. Colis explained that this method is used for new money deals because it opens up the possibility that bids can be received from any investment bank in the country in order to get the lowest interest costs and because statistics show that this is the way to go.

He pointed out that this method is not used with refunding bonds, where it is critical to hit a particular day for the pricing of the bonds, the escrow, and the securities to pay off the prior bonds.

Mr. Colis also explained that there is a seven-day publication requirement associated with a competitive sale and that there is a three to four business day lag time between when the item is received by the publication and when it actually appears.

He further advised that this bond sale features standard provisions such as a maturity in 2012 to 2030 and the bonds will be callable and can be refunded beginning in 2020. Mr. Colis stated that the township has adopted their resolution to approve the contract and that they are still within the 45-day period, so the township has published a notice that says they will be entering into a contract with YCUA and that there is a 45-day period pursuant to which the electors could petition to have the contract voted. He acknowledged that the Authority is within a week of that 45-day period expiring as it was published on August 19th.

Mr. Colis confirmed that, once that expires, the bonds will be issued. He explained that this resolution is subject to this expiration occurring without a petition being filed. Mr. Colis pointed out that if a petition is filed, the bonds cannot be issued without pursuing the vote on the contract.

He also stated that he expects interest rates to be very attractive, hopefully in the 4% to 4.5% range, and that this is different from the DWRF and SRF programs, which the Authority did not qualify for because there are not enough funds available.

Larry J. Doe inquired as to what YCUA was paying on the existing refunded bonds. Mr. Thomas responded that the original bonds were 5.1% interest for the entire 10 years and that the rate on the new bonds averaged at 2.6%. Mr. Colis confirmed that there were significant savings in refunding that transaction.

Mr. Thomas recommended approval of YCUA Resolution No. 10-10 Authorizing the Issuance of Not to Exceed $2.15 Million 2010 Water Supply System No. 7 Bonds (Charter Township of Ypsilanti).

Motion by Doe to approve YCUA Resolution No. 10-10 Authorizing the Issuance of Not to Exceed $2.15 Million 2010 Water Supply System No. 7
Bonds (Charter Township of Ypsilanti). Support by Peoples. In favor: All. Opposed: None. (Motion carried)

B. Request to Approve – Consumer Billing Standards Recommendation
   – Larry R. Thomas

Mr. Thomas directed the Board’s attention to two copies of a proposed draft of the revised YCUA consumer billing standards and rules, a redlined version showing all of the significant changes from the current version as well as a clean copy. He indicated that Tom Daniels has worked with Authority staff over several weeks or months to come up with these updates. Mr. Thomas explained that the Finance Committee also met recently to review the updates and that the committee is recommending approval. He pointed out that, since Mr. Daniels authored the language in the document, he would make a brief presentation and answer any questions.

Mr. Daniels advised the Board that the changes are pretty self-explanatory in that they provide for protection for YCUA as well as flexibility in certain circumstances, such as changing the word “shall” to “may”. He indicated that the changes give YCUA more options in circumstances where it may want to terminate services for the purposes of protecting a customer’s property and home with some frozen pipes when the customer is away during the winter. Mr. Daniels explained that the Authority has encountered similar situations over the last couple of cold seasons.

He pointed out that some other changes that have occurred that are not highlighted in this document are some editorial changes for punctuation and grammar improvement.

Mr. Daniels also explained that YCUA is prepared to discuss any of the specific changes if the Board wishes. He further advised that Authority staff members were intimately involved in this process and can be helpful in answering any questions.

J. Ray Scott commented that it is clear that a great deal of work was put into this.

Mr. Thomas recommended approval of the Consumer Billing Standards Recommendation.

Motion by Doe to approve Consumer Billing Standards Recommendation. Support by Peoples. In favor: All. Opposed: None. (Motion carried)

C. Request to Approve - Change Order No. 1 re: Wastewater Treatment Plant Building Improvements – T. Michael Jessee
Mr. Jessee advised the Board that YCUA is in the process of doing some minor building repairs. He indicated that the repairs include the replacement and repair of some roof coping issues, some masonry issues, and repair of a large wall joint on the east side of the tertiary building.

Mr. Jessee explained that, as the project progressed, it was discovered that approximately 700 feet of the coping had a 2” x 10” nailer board under it that the aluminum topping attaches to. He pointed out that the board was listed in the specifications as 6”.

Mr. Jessee also explained that the issue was discussed with the contractor, who came back with a price of $815 to make the change.

Mr. Jessee recommended approval of Change Order No. 1 re: Wastewater Treatment Plant Building Improvements in the amount of $815.

Motion by Peoples to approve Change Order No. 1 re: Wastewater Treatment Plant Building Improvements in the amount of $815. Support by Doe. In favor: All. Opposed: None. (Motion carried)

D. Request to Approve – Change Order No. 2 re: Duncan and Emerick Street Pump Stations – T. Michael Jessee

Mr. Jessee advised the Board that this change order is in the amount of $11,585.37 and that the items included range from a decrease of $7,106 to an increase of $10,571.

He indicated that item no. 1 addresses the natural gas service for Duncan Street. Mr. Jessee explained that the contract allowance was $5,000 and the actual cost was $2,175, resulting in a contract decrease of $2,825.

He pointed out that item no. 2 addresses an increase in cost for the electrical service. The contract allowance was for $6,500 and the actual cost was for $11,587, resulting in an increase of $5,087.19. Mr. Jessee also explained that the electrical service capacity for the Duncan Street area was 40,000 volts, which is reduced by transformers to 240 volts that come into the homes. He further advised that this creates a dilemma because it required additional crews from Detroit Edison to make the connection of the new pump station into the grid. Mr. Jessee stated that it also required larger transformers.

He acknowledged that item no. 3 is for the Emerick Street pump station. Mr. Jessee confirmed that DTE charges an additional $500 for underground secondary services, which is a service that comes to a home from the transformer. He explained that DTE could not mount the transformer where it was originally planned, which resulted in additional labor and conduit to get it to the station.
Mr. Jessee pointed out that item no. 4 involved the deletion of a sanitary sewer service lead to the property owner that was originally planned as part of the easement to the property owner on Duncan Street in order to put the pump station there in front of the church but was later determined to be unnecessary, resulting in a decrease of $7,106. He also stated that also dealing with the easement on Duncan Street, the original plans called for two one-inch water service leads to be provided to the property owner, which were also later determined to be unnecessary and deleted for a reduced cost of $4,021.82. Mr. Jessee advised the Board that the building was then sold to a new owner, who was informed that they needed a four-inch water service lead to meet fire protection codes, resulting in an increase of $14,593.

He indicated that these items result in a total contract increase of $10,571. Mr. Jessee explained that it should be noted that YCUA and the current church owner are under contract requiring the property owner to pay for the water service lead and that the parties are negotiating a payment plan for the amount of $14,593.

He pointed out that item no. 6 addresses the replacement of the pump station discharge manhole on Duncan Street. Mr. Jessee also explained that the same manhole was going to be utilized for the discharge of the new pump station as the old pump station utilized but that further inspection resulted in the discovery that it was in very poor condition around the bottom of the manhole. He further advised that it was made of brick, some of which needed to be replaced. Mr. Jessee stated that staff decided to bring in precast concrete sections, resulting in an increase of $5,110.

He acknowledged that, on the Emerick Street project, it was discovered that the bid quantities did not reflect the ADA sidewalk ramp, addition of which resulted in an increased cost of $247.50.

Mr. Jessee recommended approval of Change Order No. 2 re: Duncan and Emerick Street Pump Stations in the amount of $11,585.37.

Mr. Doe inquired as to whether the agreement with the property owner will allow for YCUA to recoup any interest lost. Mr. Jessee responded that he would have to look into that.

Motion by Peoples to approve Change Order No. 2 re: Duncan and Emerick Street Pump Stations in the amount of $11,585.37. Support by Doe. In favor: All. Opposed: None. (Motion carried)

E. Request to Approve – Tetra Tech Proposal re: Snow Road Pump Station Improvements – T. Michael Jessee
Mr. Jessee advised the Board that the Michigan State Revolving Fund (SRF) recently released its list for the upcoming projects. He indicated that the Snow Road upgrade is on that list and is scheduled for funding next year.

Mr. Jessee explained that, in preparation for that project, YCUA contacted Tetra Tech and requested a design proposal for the planned upgrades at the Snow Road pumping facility. He pointed out that Tetra Tech responded with a proposed budget of $68,900, which includes a 10% contingency. Mr. Jessee also explained that the upgrade will consist of larger pumps, a new comminutor, new variable frequency drives, pump control strategy, and the implementation of the VFDs. He further advised that the electrical service and the emergency generator will require upgrades as well.

Mr. Jessee stated that, as the Board is aware, the Martz Road station upgrade has just been completed, which increased the capacity there, and that during the latest and largest storm to occur here around June 5 – 6, it was discovered that the Martz Road pump station will now have a capacity that exceeds the Snow Road station capacity. He acknowledged that this means that one station is pumping to another and that the second station cannot manage that flow. Mr. Jessee confirmed that this has also been required in YCUA’s sanitary sewer master plan.

Mr. Jessee recommended approval of the Tetra Tech Proposal re: Snow Road Pump Station Improvements in the amount of $68,900.

Mr. Doe inquired as to whether this is for the entire project. Mr. Jessee responded that this is only the engineering portion and that he estimates the entire project to come in around $2 million. Mr. Doe inquired as to what the total figure was for Martz Road. Mr. Jessee responded that the total cost for Martz Road was around $2.5 million.

Larry R. Thomas inquired as to whether this qualifies for Green dollars. Mr. Jessee responded that staff is looking into that possibility but has not been able to confirm that to date.

Motion by Doe to approve Tetra Tech Proposal re: Snow Road Pump Station Improvements in the amount of $68,900. Support by Peoples. In favor: All. Opposed: None. (Motion carried)

F. **Fund Balance Report** - Larry R. Thomas

Mr. Thomas directed the Board’s attention to the Fund Balance Report for August 30, 2010. He then proceeded to give a detailed report of the information contained in the report and answered questions from the Board.
Informational only; no motion from the Board required.

Mr. Thomas directed the Board’s attention to the Financial Report – Authority Net Assets Report for August 30, 2010. He then proceeded to give a detailed report of the information contained in the report and answered questions from the Board.

Gregory A. Peoples inquired as to why YCUA’s fiscal year ends on August 31st. Mr. Thomas responded that this was determined when the Authority was formed because the auditors suggested it was a better time for them to get their audit completed when business was slow. Mr. Scott inquired as to whether this should be revisited. Mr. Thomas responded that he can’t think of any advantage to moving to a different fiscal year cycle but perhaps there is something that he is not aware of. Mr. Doe inquired as to whether moving YCUA’s fiscal year to coincide with the state’s would help out when the payments are due. Mr. Thomas responded that it would not change anything because the revenue has to be credited to the year in which the water was sold, not when it was paid for.

Informational only; no motion from the Board required.

Mr. Thomas directed the Board’s attention to the Consumption Report. He then proceeded to give a detailed report of the information contained in the report and answered questions from the Board.

Mr. Scott inquired as to whether there has been any increase in consumption with the increase of the student populations. Mr. Thomas responded that YCUA does not serve Washtenaw Community College but we do serve Eastern Michigan University. Mr. Peoples added that, even though enrollments are up, many more students than ever before are commuting because of economic factors.

Informational only; no motion from the Board required.

I. Attorney’s Report – Thomas E. Daniels

Mr. Daniels advised the Board that he has three non-litigation items to report on this month.

Mr. Daniels advised that some time was recently spent on the consumer standards leading up to the Board’s approval today.

He indicated that some closed session work relative to the Standard Operating Procedure and rules relative to sewer service leads will be done later today if the Board votes to do so.
Mr. Daniels explained that he continues to work with Mr. Thomas and his staff on the WTUA capacity issue.

Informational only; no motion from the Board required.

J. **Director’s Report** - Larry R. Thomas

Mr. Thomas advised the Board that he has two items to report on.

Mr. Thomas advised that the bond sale for the sewer no. 2 refunding received great rates and that the average for the 10-year period is $2.64%, which is almost as good as DWRF and SRF loans. He indicated that the 10-year savings on that issue in interest is about $900,000.

Mr. Doe inquired as to whether Ford Blvd. will be included in the $2.1 million. Mr. Thomas responded that YCUA has received fairly strong assurances that that will be going forward.

Mr. Thomas explained that some preliminary meetings with WTUA have taken place regarding the reallocation of additional capacity to them. He pointed out that the thought is that, if they can be given enough capacity in the YCUA plant, they can abandon their contract with Wayne County, which is currently being negotiated. Mr. Thomas also explained that this would be a big advantage to YCUA because it would increase the flow into the wastewater plant and decrease the cost per unit volume.

He further advised that the meetings thus far have resulted in some discussion items of which he wished to inform the Board to make sure they have no issues with. Mr. Thomas stated that WTUA would like a more collaborative relationship with YCUA and a more meaningful partnership and brought up having a seat on the Board, the latter of which they were told was off the table. He acknowledged that they then suggested the implementation of a committee that would provide them with more say in what happens here.

Mr. Thomas advised the Board that WTUA is also requesting to own its interest in the plant rather than leasing it because Wayne County recently informed them that the ownership that they thought they had in the Wayne County interceptor is only a leased interest. He indicated that they also want a new mode for dispute resolution because they weren’t happy with the arbitration results along with a reevaluation of the readiness to serve charge.

Mr. Thomas confirmed that he does not know how that will play out at this time.

Mr. Doe inquired as to how much longer they estimate before their pumps are repaired. Mr. Thomas responded that it should not take as long as six
months but that he cannot say for sure.

Mr. Namatevs inquired as to what the percentage of YCUA’s total flow WTUA would have ownership of if they broke away from Wayne County. Mr. Thomas responded that they would have over 50% of YCUA’s capacity. Mr. Doe inquired as to how this could impact Superior Township and other areas that are likely to grow considerably 10 years down the road. Mr. Thomas responded that the master plan allows for sufficient capacity for build out so Ypsilanti and Ypsilanti Township will never require an expansion of the plant. He explained that one concern is that, if a new community were to request capacity, as Salem Township is now, there may not be capacity available to them. Mr. Thomas pointed out that, if WTUA elects, they can be allocated all of the capacity in the next expansion, which would take the capacity up to the point that there couldn’t be any more flow through McGregor pump station to get to the outfall and would then require the addition of a new force main from McGregor station to the Rouge River, costing tens of millions of dollars.

Mr. Namatevs commented that it sounds as though the ownership issue is the major one. Mr. Daniels responded that it is simply a matter of the wording of what is put on paper. He indicated that if the engineering studies show that this can be done without jeopardizing build out in Ypsilanti Township and other contract customers, whether it is called a lease or an ownership doesn’t really make any difference. Mr. Daniels explained that the concept itself is not deemed to be a significant concern.

He pointed out that it would not create a fiscal concern because their level of ownership would not make them a stakeholder because they have no interest in the collection system or any other part of the infrastructure beyond that one pipe leading into the plant.

Mr. Scott inquired as to how hard they are pushing for a seat on the Board. Mr. Thomas responded that the topic of discussion was closed immediately because YCUA informed them that it would not happen.

Informational only; no motion from the Board required.

4. OLD BUSINESS:

There was no old business for the month.

5. OTHER BUSINESS:

There was no other business for the month.

6. STATEMENTS AND CHECKS: Motion by Namatevs to pay the bills in the amount of $4,944,052.96 with an addendum in the amount of $5,989.50. Support by Doe. In favor: All. Opposed: None. (Motion carried)
7. **PUBLIC COMMENTS:**

Pat Morris, Chief Stewart of AFSCME, addressed the Board and voiced his concern over the affect on bargaining unit negotiations should WTUA be awarded a seat on the YCUA Board of Commissioners. Mr. Scott responded that his is a valid concern but reiterated Mr. Thomas’s remarks that this will not happen. Mr. Daniels concurred and indicated that WTUA already has a presence on two of YCUA’s committees and that that level of involvement has not had any impact on YCUA’s labor relations and that this will not change.

8. **CLOSED SESSION:** Larry R. Thomas recommended adjourning the open session and calling to order a closed session in order to consider written legal opinion from counsel. Motion by Namatevs to accept Mr. Thomas’s recommendation for adjourning the open session and calling to order a closed session in order to consider written legal opinion from counsel. Support by Peoples. By roll call vote: Ayes: J. Ray Scott, Larry J. Doe, and Gregory A. Peoples. Nayes: None. (Motion carried)

(Board then met in closed session.)

Mr. Daniels recommended approval of tabling this discussion until next month.

Motion by Doe to approve tabling this discussion until next month. Support by Namatevs. In favor: All. Opposed: None. (Motion carried)

9. **ADJOURNMENT:** Motion by Doe to adjourn the meeting at 10:01 a.m. Support by Namatevs. In favor: All. Opposed: None. (Motion carried)

The Bonds and the interest thereon shall be payable solely from the Contractual Payments received by the Authority, for the payment of which the Local Unit has, in the Contract, pledged its limited tax full faith and credit pursuant to the provisions of the Act, in the amounts set forth in the Contract. The Local Unit has covenanted and agreed to provide annually general or special funds in amounts sufficient to meet when due its Contractual Payments in anticipation of which the Bonds are issued, or, if necessary, to levy ad valorem taxes on all taxable property within its boundaries for such purpose, subject to applicable constitutional and statutory tax rate limitations. All of such Contractual Payments are hereby pledged solely and only for the payment of principal of and interest on the Bonds. The holder or holders of the Bonds, representing in the aggregate not less than twenty percent (20%) of the entire issue then outstanding, may, by suit, action or other proceedings, protect and enforce the aforesaid pledge and enforce and compel the performance of all duties of the officials of the Authority, including, but not limited to, compelling the Local Unit, by proceedings in a court of competent jurisdiction or other appropriate forum, to make the Contractual Payments, appropriate general funds, and levy and collect appropriate taxes as herein authorized and as may be required under the Contract to be so appropriated, certified, levied and collected by the Local Unit for the Contractual Payments.

BOND INSURANCE AT PURCHASER’S OPTION: If the bonds qualify for issuance of any policy of municipal bond insurance or commitment therefor at the option of the bidder/purchaser, the purchase of any such insurance policy or the issuance of any such commitment shall be at the option and expense of the purchaser of the bonds. Any and all increased costs of issuance of the bonds resulting from such purchase of insurance shall be paid by the purchaser, except that if the Authority has requested and received a rating on the Bonds from a rating agency, the Authority shall pay the fee for the requested rating. Any other rating agency fees shall be the responsibility of the purchaser. FAILURE OF THE MUNICIPAL BOND INSURER TO ISSUE THE POLICY AFTER THE BONDS HAVE BEEN AWARDED TO THE PURCHASER SHALL NOT CONSTITUTE CAUSE FOR FAILURE OR REFUSAL BY THE PURCHASER TO ACCEPT DELIVERY OF THE BONDS FROM THE AUTHORITY.

The usual closing documents, including a certificate that no litigation is pending affecting the issuance of the bonds, will be delivered at the time of delivery of the bonds. Purchasers will not receive certificates representing their interest in bonds purchased. It will be the responsibility of the purchaser to obtain DTC eligibility. Failure of the purchaser to obtain DTC eligibility shall not constitute cause for a failure or refusal by the purchaser to accept delivery of and pay for the bonds.

CUSIP NUMBERS: It is anticipated that CUSIP identification numbers will be printed on the bonds, but neither the failure to print such numbers on any bonds nor any error with respect thereto shall constitute cause for a failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with terms of the purchase contract. All expenses in relation to the printing of CUSIP numbers on the bonds shall be paid for by the Authority; provided, however, that the CUSIP Service Bureau charge for the assignment of such numbers shall be the responsibility of and shall be paid for by the purchaser.
